## FLOOR LEVELLERS

The Bag says it all. A world-class Leveller made in Australia.

Ecoset Platinum is a High Quality Leveller proudly made in Australia for the Australian Market.

Ecoset Platinum Leveller flows perfectly and the finish is suitable for all floor coverings: Tiles, Carpets, Hybrids, Vinyls, Acoustic Matting, Plywood and Timber Floors including Direct Stick Applications.

Ecoset Platinum is a Superior Leveller that can be poured up to 50mm in a single Pour resulting in up to 5 times less labour costs.

Ecoset Platinum is ready to accept most floor coverings after 12 hrs and Direct-stick applications after 24 hrs and comes in a waterproof bag ensuring the product is never compromised and can easily be delivered in any weather conditions.

For Direct-stick applications we recommend using the complete Ecoset system including Ecoset Moisture Sealer, Ecoset Platinum Leveller and Ecoset MS Flooring Adhesive.

**Water Ratio: 4.0 – 4.2 litres of water per 20kg bag.**  
**Approx coverage is 15m<sup>2</sup> per 20kg bag at 1mm thickness.**
